Position Description (Duty Description):

AFNORTH Mission: The 601st Air Operations Center; Intelligence, Surveillance, and Reconnaissance Division is seeking qualified 14NX officers. The 601st Air and Space Operations Center, (often referred to as 'America's AOC') plans, directs, and assesses air and space operations for the North American Aerospace Defense Command and U.S. Northern Command. The AOC provides aerospace warning and control for NORAD Defensive Counter Air activities.
